## 💼 PROFESSIONAL EXPERIENCE

**Hopeoitz Software Pvt. Ltd**
FULL STACK WEB DEVELOPER INTERN
09/2024 | JAIPUR, India
As a full stack web developer intern at Hopeitz Software Pvt. Ltd., I contribute to both front-end and back-end development, utilizing PHP, MySQL, HTML, CSS, and JavaScript. I collaborate on real-time projects, enhancing my skills in creating responsive, efficient web applications and optimizing database management.

## 📂 PROJECTS

**Portfolio** ⧉
MY PERSONAL PORTFOLIO
My personal portfolio website showcases my skills and projects as a full stack web developer. Built using HTML, CSS, JavaScript, and PHP, the site highlights my expertise in creating responsive designs, dynamic applications, and seamless user experiences. Featuring interactive elements and a sleek, modern interface, it also includes a blog and a project gallery, demonstrating my work in web development, programming, and logo design.

## 🧠 SKILLS

**Frontend Development**
**HTML:** Proficient in structuring web content with clean, semantic HTML for creating accessible and SEO-friendly websites.
**CSS:** Skilled in designing visually appealing, responsive layouts using CSS, including Flexbox and Grid for modern web design.
**JavaScript:** Experienced in enhancing user interaction and functionality with dynamic, efficient JavaScript code.
**Bootstrap:** Adept at using Bootstrap to quickly develop responsive, mobile-first websites with prebuilt components and grid systems.

**Backend Development**
**PHP:** Expert in server-side scripting with PHP, building dynamic, scalable web applications and APIs with efficient backend logic.
**MySQL:** Skilled in designing and managing databases using MySQL, ensuring data integrity, performance optimization, and seamless integration with applications.

**Programming Languages**
Here's the separate summary for C and C++:
**C:** Proficient in developing efficient, low-level programs using C, with a strong focus on system-level programming and memory management.
**C++:** Skilled in object-oriented programming with C++, building scalable applications with a focus on performance and reusable code structures.
